TREATMENT CONSENT, FINANCIAL POLICY & DISCLOSURE

Name: _____ DOB: _____ Today's Date: _____

Please read this agreement and sign at the end indicating that you have understood and agree to the following. Please feel free to ask any questions if you would like clarification or additional information.

- Information revealed during counseling and discussion sessions is confidential. Exceptions to this confidentiality include disclosure by you regarding intention to harm yourself or others. Your record and the information contained within it will not be disclosed to others unless you direct us to do so or unless the law authorizes or compels us to do so.
- All procedures and treatment interventions (medications, nutraceuticals, therapies, spinal manipulation, injections, minor surgical procedures, etc.) carry with them both risks and benefits. Risks include, but are not limited to injury, fracture, burns, worsening of condition, adverse reactions, stroke and/or death. Not receiving or accepting treatment recommendations also carries inherent risks, including but not limited to possible worsening of condition or disease progression, which may result in reduced quality of life and/or premature death. If unsure regarding a recommended treatment or procedure, there may be additional or alternative treatments available. Therefore, you are encouraged to ask questions if you would like additional information. No guarantees can be assured regarding the outcomes of any treatment(s) or procedure(s) recommended or performed.
- **Fees are charged for professional services, and full payment with cash, check, or credit card is due at the time these services are rendered.** Treatments, consultations (whether by phone, e-mail, or in the office), detailed correspondence on your behalf are examples of professional services.
- **You are responsible for payment for office fees, treatments, and lab tests regardless of insurance coverage.** As a courtesy, we provide insurance billing service; however, this is not a guarantee of payment and each insurance plan offers different levels of reimbursement and/or coverage for services. Many "preventive approaches" to healthcare are not covered by insurance plans. **Any expense not covered by your insurance plan is your responsibility to pay in full.** At your request, you will receive a detailed receipt to request reimbursement from your insurance carrier.
- If you have a serious health problem that requires immediate attention, you should call 911, or have someone take you to the nearest hospital emergency room. If you notice an adverse effect from one of the components of your health plan, you should discontinue it then call our office and inform the provider of your concerns.
- Treatments with other physicians or healthcare providers are not necessarily to be discontinued. Please let the doctor / provider know if you are being treated by other healthcare providers (Physicians, Counselors, Therapists, etc.). Consult your prescribing Doctor before discontinuing medications. **It is your responsibility to disclose new injuries, symptoms, conditions, treatments, medications, supplements, surgeries or diagnostic procedures performed, as well as any changes in your symptoms, conditions, medications, supplements, contact information, or treatments by other providers between visits.**
- You are welcome to bring a friend or relative to your visits if such companionship is comfortable to you. Only registered support animals are allowed to accompany you into the clinic.
- You are encouraged to ask questions on any health-related topic and to take an active role in your health care. Ours is a team approach, and treatment recommendations may involve encouraging you to make changes to your diet and lifestyle that can help you improve your level of health.
- Falling Waters, LLC is owned by Shawndi Stahl, PT, MPT, David McClintock, DC, and Amanda Guy whom have financial interest in its ancillary services. If you would prefer to have any ancillary services performed elsewhere we will assist you to make arrangements.

CERTIFICATE OF CONSENT

Worker's and Health Care Provider's Report for Workers' Compensation Claims

Health care provider instructions

The worker **should** complete the worker section of this form for the following:

- First report of injury or disease
- Request for acceptance of a new or omitted medical condition
(“Omitted” refers to a condition the worker thinks should have been included among the conditions accepted by the insurer.)
- Report of aggravation of original injury
(“Aggravation” means the actual worsening of a compensable condition resulting from the original injury.)
- Notice of change of attending physician or nurse practitioner.* This means the new provider will be primarily responsible for treatment.
Being primarily responsible does NOT include:
 - *Treatment on an emergency basis*
 - *Treatment on an “on-call” basis*
 - *Consulting*
 - *Specialist care (unless the specialist assumes complete control of care)*
 - *Exams done at the request of the insurer or the Workers' Compensation Division*

*Oregon nurse practitioners, chiropractic physicians, naturopathic physicians, and physician assistants must certify with the Workers' Compensation Division to treat workers' compensation patients and get paid.

After the worker has completed and signed Form 827, give the worker copies of Form 827 and Form 3283 (included with this packet) immediately.

The worker **should NOT** complete the worker section of this form if you choose to use it for the following:

- Progress report
- Closing report
- Palliative care request
(Palliative care makes the worker feel better but does not cure a condition. The worker must be in the workforce or in a vocational program to be eligible for palliative care.)

The following are not palliative care:

- *Prescriptions, prosthetics, braces, and doctors' appointments to monitor them*
- *Diagnostic services*
- *Life-preserving treatments*
- *Curative care to stabilize an acute waxing and waning of symptoms*
- *Services to a permanently and totally disabled worker*

When requesting palliative care approval from the insurer, include the following in your request:

- *Who will provide the care*
- *Modalities ordered, including frequency and duration*
- *How the need for care is related to the accepted conditions*
- *How the care will enable the worker to continue current work or vocational training*

For these reports, you have the option of filing Form 827, submitting chart notes, or submitting a report that includes data gathered on Form 827.

Notice to worker

Claim acceptance or denial

In most instances, you will receive written notice from your employer's insurer of the acceptance or denial of your claim within 60 days. If your employer is self-insured, your employer or the company your employer has hired to process its workers' compensation claims will send the notice to you. If the insurer or self-insured employer denies your claim, it will explain the reason for the denial and your rights.

Medical care

The health care provider must tell you if there are any limits to the medical services he or she may provide to you under the Oregon workers' compensation system.

If your claim is accepted, the insurer or self-insured employer will pay medical bills due to medical conditions the insurer accepts in writing, including reimbursement for prescription medications, transportation, meals, lodging, and other expenses up to a maximum established rate. You must make a written request for reimbursement and attach copies of receipts. Medical bills are not paid before claim acceptance. Bills are not paid if your claim is denied, with some exceptions. Contact the insurer if you have questions about who will pay your medical bills.

Payments for time lost from work

In order for you to receive payments for time lost from work, your health care provider must notify the insurer or self-insured employer of your inability to work. After the original injury, you will not be paid for the first three calendar days you are unable to work unless you are totally disabled for at least 14 consecutive calendar days or you are admitted to a hospital as an inpatient within 14 days of the first onset of total disability.

You will receive a compensation check every two weeks during your recovery period as long as your health care provider verifies your inability to work. These checks will continue until you return to work or it is determined further treatment is not expected to improve your condition. Your time-loss benefits will be two-thirds of your gross weekly wage at the time of injury up to a maximum set by Oregon law.

Authorization to release medical records

By signing this form, you authorize health care providers and other custodians of claim records to release relevant records to the workers' compensation insurer, self-insured employer, claim administrator, and the Oregon Department of Consumer and Business Services. Relevant medical records include records of prior treatment for the same conditions or of injuries to the same area of the body. A HIPAA authorization is not required (45 CFR 164.512(I)). Release of HIV/AIDS records, certain drug and alcohol treatment records, and other records protected by state and federal law require separate authorization.

Caution against making false statements

Any person who knowingly makes any false statement or representation for the purpose of obtaining any benefit or payment commits a Class A misdemeanor under ORS 656.990(1).

Palliative care

Palliative care is care that makes you feel better, but does not cure you of an unwanted condition. You must be in the workforce, or in a vocational program, to be allowed to have palliative care.

The following are **not** palliative care:

- Prescriptions, prosthetics, braces, and doctors' appointments to monitor them
- Diagnostic services
- Life-preserving treatments
- Curative care to stabilize an acute waxing and waning of symptoms
- Services to a permanently and totally disabled worker

A Guide for Workers Recently Hurt on the Job

How do I file a claim?

- Notify your employer and a health care provider **of your choice** about your job-related injury or illness as soon as possible. Your employer cannot choose your health care provider for you.
- Ask your employer the name of its workers' compensation insurer.
- Complete **Form 801, "Report of Job Injury or Illness,"** available from your employer and **Form 827, "Worker's and Health Care Provider's Report for Workers' Compensation Claims,"** available from your health care provider.

How do I get medical treatment?

- You may receive medical treatment from the health care provider **of your choice**, including:
 - Authorized nurse practitioners
 - Chiropractic physicians
 - Medical doctors
 - Naturopathic physicians
 - Oral surgeons
 - Osteopathic doctors
 - Physician assistants
 - Podiatric physicians
 - Other health care providers
- The insurance company may enroll you in a managed care organization at any time. If it does, you will receive more information about your medical treatment options.

Are there limitations to my medical treatment?

- **Health care providers may be limited in how long they may treat you and whether they may authorize payments for time off work.** Check with your health care provider about any limitations that may apply.
- **If your claim is denied, you may have to pay for your medical treatment.**

If I can't work, will I receive payments for lost wages?

- You may be unable to work due to your job-related injury or illness. In order for you to receive payments for time off work, your health care provider must send written authorization to the insurer.
- Generally, you will not be paid for the first three calendar days for time off work.
- You may be paid for lost wages for the first three calendar days if you are off work for 14 consecutive days or hospitalized overnight.
- If your claim is denied within the first 14 days, you will not be paid for any lost wages.
- Keep your employer informed about what is going on and cooperate with efforts to return you to a modified- or light-duty job.

What if I have questions about my claim?

- The insurance company or your employer should be able to answer your questions.
- If you have questions, concerns, or complaints, you may also call any of the numbers below:

Do I have to provide my Social Security number on Forms 801 and 827? What will it be used for? You do not need to have an SSN to get workers' compensation benefits. If you have an SSN, and don't provide it, the Workers' Compensation Division (WCD) of the Department of Consumer and Business Services will get it from your employer, the workers' compensation insurer, or other sources. WCD may use your SSN for: quality assessment, correct identification and processing of claims, compliance, research, injured worker program administration, matching data with other state agencies to measure WCD program effectiveness, injury prevention activities, and to provide to federal agencies in the Medicare program for their use as required by federal law. The following laws authorize WCD to get your SSN: the Privacy Act of 1974, 5 USC § 552a, Section (7)(a)(2)(B); Oregon Revised Statutes chapter 656; and Oregon Administrative Rules chapter 436 (Workers' Compensation Board Administrative Order No. 4-1967).
